

UTILIZATION OF RPAS/UAV SERVICES DURING THE COVID-19 PANDEMIC

ALTO MAXX TECHNOLOGIES INC IS A PROUD NEWFOUNDLAND AND LABRADOR COMPANY, BASED IN ST. JOHN'S, NL. WE HAVE TRAINED UAV PILOTS AND A COMPLIANCE DEPARTMENT SPECIALIZED IN TRAINING, TACTICAL DELIVERABLES, AND UAV COMPLIANCE. WE HAVE TRAINED THE SAR ROVERS, RNC, DFO, GOVERNMENT OF NEWFOUNDLAND EMPLOYEES, AND THE MAJORITY OF CERTIFIED UAV PILOTS IN THE PROVINCE OF NEWFOUNDLAND AND LABRADOR.

GIVEN THIS TIME OF CRISIS, SELF-ISOLATION AND CHANGING ECONOMY, WE REALIZE THAT WORK MUST GO ON. THE APPROACH, HOWEVER, MUST CHANGE. ALTO MAXX IS PULLING OUR CREWS FROM OTHER PROJECTS AND INDUSTRY TO DEDICATE THEM TO NEWFOUNDLAND AND LABRADOR. THIS WILL ALLOW ORGANIZATIONS TO CONTINUE TO PROVIDE DELIVERABLES WITH LESS MANPOWER AND MAINTAIN SOCIAL ISOLATION.

SERVICES WE CAN PROVIDE WITH RPAS/UAVS:

- DROP DOWN STUDIES
- THERMAL INSPECTIONS / SPECTRAL ANALYSIS
- PHOTOGRAMMETRY / PIX 4D
- FUGITIVE EMISSIONS TESTING
- CONFINED SPACE INSPECTIONS
- SUPPORT YOUR ORGANIZATION WITH A FULL HEALTH & SAFETY OPERATION IN RELATION TO RPAS/UAV

ALTO MAXX CAN PROVIDE THESE SERVICES DAY OR NIGHT, WITH MINIMAL SOCIAL INTERACTION AND NO SURFACE CONTAMINATION.

WE HAVE TRAINED PILOTS HERE IN THE PROVINCE, CERTIFIED UNDER TRANSPORT CANADA'S ADVANCED OPERATIONS. WE ARE HERE FOR YOU. www.altomaxx.ca
