

## **DF Barnes**

Since establishment in 1932 DF Barnes has grown into a dynamic company comprised of six lines of business that services the marine, oil and gas, mining, and renewable energy sectors. We specialize in welding, fabrication, industrial services, rigging equipment, ship/offshore repair, and maintenance.

Our company is defined by our people who strive every day to build great things, be innovative, take care of each other and have fun. We believe these core values produce the best outcomes for our clients, for our company and most importantly, for our people.
