

Rising Star Award
Dwayne Heath, Cenovus Energy
2024

Dwayne Heath is a graduate of Memorial University with a Bachelor's degree in Mechanical Engineering and more than 10 years experience in Newfoundland and Labrador's offshore oil and gas industry.

Beginning his career as a Junior Mechanical Engineer in the Operations Engineering group at Husky Energy, Dwayne supported the 2012 Off Station Program of the SeaRose FPSO. From there he moved into the maintenance group, supporting the day-to-day maintenance operations on the SeaRose FPSO. Over the years, Dwayne has taken on progressively more complicated tasks and has become the 'go to' person within Cenovus for the SeaRose turret. Today, as a Senior Mechanical Engineer within the Operations group at Cenovus his main responsibility is the life extension of the turret systems on board the SeaRose FPSO during the 2024 Life Extension Drydock.
