

Energy NL Members Enjoy the Best Coverage and Rates with Our Group Home & Auto Insurance Program

Local expertise, exclusive discounts, and personalized Service for the Energy Sector

In Newfoundland and Labrador, the energy sector is more than an industry—it's a foundation for our communities, families, and economy. At Munn Insurance, we're proud to support the people and businesses behind it through our exclusive Group Home and Auto Insurance Program for members of Energy NL and the employees of its member companies.

We understand the risks and realities of living and working here because we live and work here, too. Our team is part of your community, and we bring that local knowledge to every policy we offer. But we provide more than just a local approach—we provide options, expert advice, and fast, reliable service every step of the way.

What Makes Munn Different?

As an Energy NL member or employee of a member company, you get access to exclusive discounts on home and auto insurance, along with responsive, local support whenever you need it. Here are the key reasons Energy NL members trust Munn Insurance for their home and auto coverage:

We're Local—and That Matters

We know the roads, the weather, and the communities because we live here too. That means we understand the unique risks of our region, and we're always close by when you need to talk to someone. Whether it's a quick question, a claim, or a policy change, you'll speak to someone who gets it—because we live here too.

✓ We're a Broker—You Get Options

As an independent broker, we work with a wide network of trusted insurance providers. That gives you more choice, better value, and greater flexibility. Every year, we review your policy and check rates and coverage across multiple insurers to ensure you're still getting the best protection at the best price.

✓ We Focus on Value—Because Price Matters

We know cost is important. That's why we work hard to deliver the best combination of coverage and price. You'll get the protection you need—without paying for what you don't. Our goal is always to get you the lowest possible price for the coverage you need.

✓ We're With You Every Step of the Way

Buying insurance is just the beginning. Whether you're updating your policy, renewing, making a claim, or just have questions, our local team is here to help—quickly and personally. We're committed to fast, efficient service from people you know and trust.

✓ Personal and Commercial Insurance

In addition to personal coverage, we also offer commercial insurance tailored for the energy sector. Whether you run a small business, operate heavy equipment, or have a side hustle, we'll help protect your tools, vehicles, liability, and more—with flexible options that grow with your needs.

At Munn Insurance, we're committed to protecting your home, your car, your business, and your financial future. With local support, expert advice, and real choice, we're proud to serve the Energy NL community.

We are here to help, and we'll make sure you're protected.
